

# OPTALUX CT

Ceiling luminaires for TC-TEL lamps

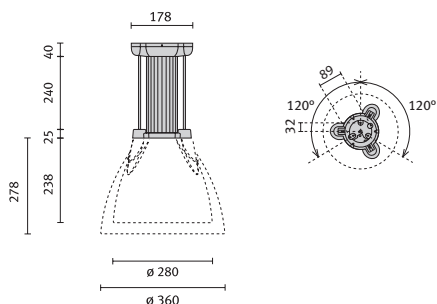

Series of ceiling fixtures in three sizes. Transparent prismatic glass diffuser, internally painted in white, yellow, blue or grey colour.

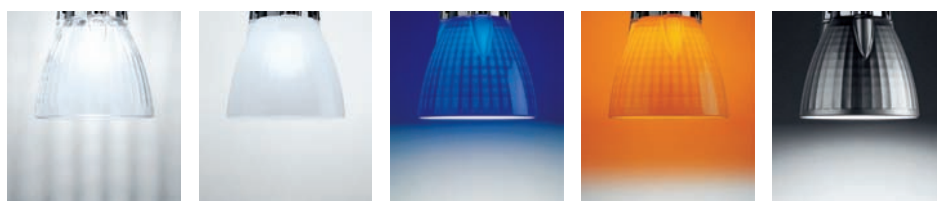

The blue glass shade has a white inside coating to increase light diffusion. Diffuser top cover and canopy made of die cast aluminium, chrome finish. Extrusions containing the electrical gear are made of extruded aluminium, chrome finish. The glass shade must be ordered separately. Class I, IP20.
